**Academic**
- Courses + Workshops
- Comprehensive Exam

**Research Phase1**
- Q-matrix refinement based on assemble learning
- Another optimization techniques

**Research Phase2**
- Student Performance Analysis With time series
- Literature review
- problem analysis And Data preprocessing
- Implementation of existing And optimized algorithms
- a conference paper
- Another optimization techniques

**Research Phase3**
- Exploring tasks relationship And Improving Curriculum
- Literature review
- problem analysis And Data preprocessing
- Implementation of existing And optimized algorithms
- a conference paper
- Another optimization techniques
- Application

**Thesis**
- Thesis writing
- Thesis defense
